FINDLAY POLICE DEPARTMENT

MISSION STATEMENT

The mission of the Findlay Township Police Department is to fulfill all of our job duties and responsibilities while adhering to the philosophy of safeguarding the rights and liberties of both citizens and fellow coworkers, in recognition of human dignity and the constitutional rights bestowed on all persons. We shall always treat other persons as we would expect to be treated or that we would want our loved ones to be treated under similar circumstances.

VISION STATEMENT

We will continue to be a leader and an example, both professionally and personally, to all law enforcement agencies as we provide an effective service through partnerships built in the schools and the community with the ultimate goal of detecting and preventing crime, while preserving peace, integrity and public trust.

VALUES STATEMENT (FTPD)

We will enforce the law fairly without compromise for crime, with relentless prosecution of criminals and without fear of favor, malice or ill will.

Trust

We will recognize the badge of our office as a symbol of public faith and trust to be held so long as we hold ourselves to the ethics of the policing profession.

Professionalism

We will conduct the business of our profession in an honest, compassionate and efficient manner, while adhering to a higher standard of personal conduct and decency.

Dedication

We will hold true to our oath to uphold the Constitution of the United States of America, the laws and ordinances of the Commonwealth of Pennsylvania and the Township of Findlay.

Dear Resident:

It is with great pride that I present to you the annual report for the 2015 calendar year for the Findlay Township Police Department.

By statistical comparison, 2015 was not unlike years past in any one category. Officers patrolled a total of 191,721 miles and investigated or handled 3941 total complaints for the year. The majority of these calls were calls for service, with approximately 10% being criminal in nature. The department also conducted 1336 traffic stops in 2015 in an attempt to reduce the number of traffic accidents in the township. The overwhelming majority of persons stopped for traffic violations received written warnings instead of citations.

The department has continued its status as an Internationally and State Accredited law enforcement agency. The department is one of only eight departments in the state to hold this distinction. The department will begin preparation for two upcoming assessments to be conducted in July of 2016.

The department maintains its commitment to the West Allegheny School District by providing a fulltime officer who teaches various programs to our students grade K-12. These programs are tailored to the changing threats to which our children are exposed. In 2015 our K-9 Unit conducted numerous locker searches at both the High School and Middle School. The department has also hosted the "Refuse To Be a Victim" program and partnered with the DEA to facilitate a drug take-back program where residents can turn in any unused prescription medication.

The agency continues to invest in our officer's training. Officers of the department are required to attend drivers training every two years. In the past the department received funding. In 2016, the department will not receive this necessary funding. As with other specialized training, small departments in today's financial climate need to do more with less. We have demonstrated that we can be more self-sufficient in this area by combining resources with other agencies in the area to help manage the costs.

The department continues to train its officers in ALERRT, (Advanced Law Enforcement Rapid Response Training) by providing refresher training at various schools and office type structures. Officers with our Commercial Vehicle Inspection Team work in partnership with numerous Police Departments in the area to inspect commercial vehicles in an effort to keep our roadways safe.

As we enter 2016, the Findlay Township Police Department maintains its preparedness to face any and all challenges and remains committed to its citizens by providing a quality service to all of the residents and visitors of Findlay Township.

Sincerely,

Jesse J. Lesko, Jr.

Jesse J. Lesko, Jr.
Chief of Police
